The ancestors of the Malagasy people migrated to Madagascar around 1,500 years ago from Southeast Asia, more specifically the island of Borneo. Despite this, German is still spoken in Namibia, mostly among the white population. Cape Town: Oxford University Press Southern Africa. The NigereĀĀKordofanian language family, joining NigereĀĀCongo with the Kordofanian languages of south-central Sudan, was proposed in the 1950s by Joseph Greenberg. ^ "Morisyen", (1998). ^ The Economist, "Tongues under threat", 22 January 2011, p. The family's most extensive branch, the Semitic languages (including Arabic, Amharic and Hebrew among others), is the only branch of Afroasiatic that is spoken outside Africa.[9] Some of the most widely spoken Afroasiatic languages include Arabic (a Semitic language, and a recent arrival from West Asia), Somali (Cushitic), Berber (Berber), Hausa (Chadic), Amharic (Semitic) and Oromo (Cushitic). ^ "Bhojpuri". This can cause divergence of a language on either side of a border (especially when the official languages are different), for example, in orthographic standards.
