games. If the reason for this was the outbreak or the peaceful civil war, it is not known. The hiking trails are also accompanied by rest or another top -to -scale map of the southern Zagoria, which has a legend. Throughout Chernarus, many signs written in Russian and Chernarussian can be found in hospitals, mother centers, dwarfs of billboards, motor sales, store facades, and so on. The newly established forms of defense of Chernarussian assumed the property of all military installations in the reciprocated click, including the Vybor Age base and the sophisticated S.A.M. and radar base near Grozovoy Pass. Map of the south of Zagoria [] Topogreal Turner Maps of the southern Zagoria can be found in the game, they provide survivors to navigate proper local proceedings by roads or tourist trails. Despite the collapse of his dynasty, Duke Kozlov is considered an important figure in the initial history of Chernarus's establishment. Chernarussians served in the Sovowed Armed Force. The CDF assumed the ownership of all the military bases of the paäs after the dissolution of the soviv union. In many places around Chernarus, garbage bags marked as "tandwriter" can be found, indicating that some attempted cleaning has been potentially done during the uncertainty of the outbreak. The heavy use of the Russian in the Northeast has historically caused scams between the nationalists of Chernarussians and the Russian population. The Kozlov dynasty would collapse at the turn of the XIII sour, precipitating the collapse of its fortress system; Two remarkable ruans It was only to be revealed in one of the finals of the Arma II campaign, that an employee of the dishonest government in the Russian government sent money and support to CHDKZ to disfigure and frame Napa as the scale author of the terrorist attack on frog and sought to bring war between The Frog and Chernarus. [7] The outbreak [] is not known a lot about the infected outbreak in Chernarus, but some time after the 2009 Civil War, the inhabitants of the Paäs were infected, probably with a disease or an affliction similar biovic. It consists of rugged terrain and to some islands. The first of Dukedoms Varios was established in the area during the 11 and 12 culos, the most notable of which Duchy Kozlov, in southern Zagoria, led by Duke Ivan Kozlov. The proposal of the map scale is 1: 25000 images of SATÄ © Lite of the Southern Zagoria. Communist-socialist facilities was also known as "Chedaki", an abbreviation of the full name. Cities and cities [] There are five major settlements in Chernarus: Novigrad Kirvograd Primorsk Belozersk Chernogorsk Police and Military [] Before the outbreak, Chernarus presented his practices and defense and defense. During the 1950s, the government of the Cheraussian asser rapidly industrialized the coastal areas of southern Zagoria, transforming the administrative administrative From the provision, since the village of a small fisherman to a large regional port, especially to facilitate the transportation of supplies to Elektrozavodsk, rather than improving its traditional role in linking northern commercial routes. The [] Chernarus architecture is marked by its well -preserved cities and cities, with traditional style architecture, a characteristic in its identity. The government of Cheraussian sought to make peace for the cruel industrialization of the southern region of the southern region of Zagoria under the Sovian domain, declaring the "natural protected natural area of Zagorie", which he covered The weird island almost injured. Chernarus was inhabited from the least of the San V, with the Slavic peoples establishing the area at some point in the XI XI. All the inhabitants fled from the Paäs, were transformed into infected or traveled the desolate area as survivors. Many roads still consisted only of gravel, and annual flooding threatened the coastal rail network constantly threatened. Regardless, the combined forms could not stop the hordes of the infected and were slowly invaded, even with heavy weapons like tanks, which were destroyed or abandoned. Outside Southern Zagoria [] In addition to Zagoria do Sul, there are several cities, islands, rivers and lakes. Raired industrialization made existing potential insufficient. In the school buildings found around the map, the main language used in schools is Chernarussian, as is evident in the panion and painations of information found in classrooms and corridors. There are also images of saturden found in the game files, which provide a view of how the region looks like the space. Chernarussian is written in the Latin script, facilitating the distinguishing from the cassava script used in the Russian Wool. Poratics and Economics [] Chernarus previously produced vain natural resources, such as wood and different Minerals, which can be seen among the various fancars - The wooden mill in Bereзино or the quarry in Solnechny. It has a rugged but green environment of hills, covered by dense forests and deep valleys, hidden in forestry cumn or high plates with exuberant meadows. For a detailed description of the different points of reference, see the landscape article. There are also pan 'sters that indicate that there were Russian language classes in the school system. At the same time, the military troops of the defense forms of Chernarussian, the armed forms of the Russian federation and the allied nains were clearly in Chernarus. The collapse of the soviv union in 1991, Chernarus's reply, has been independent for the first time in over 300 years. Nevertheless, there would not be other important rebellings during the Kozub dynasty government, and in 1631 Chernarus would join the Russian impression. Chernarus also has a status similar to the paan of the Belarm of Belarm, where the Russian and Belarusian Wools Mantäm Official Status in Paäs. The maximum of XX [] Chernarus continued under this arrangement to the disappearance of imperial frog in 1917, becoming part of the soviv union as a so -called self -sake socialist replication Russian. Varia islands in the green sea fall under the sovereignty of Chernarus, especially the islands of Utes, Moschnyi and Lyutyi. Remains of a military train remains from a military train after the outbreak [] after the outbreak, the local military and civil defenses were overloaded and disintegrated.
